RESIDENTIAL PRODUCT CATALOG

The background of the entire page is a close-up, artistic photograph of elevator machinery. It shows various metal components, including what appears to be a motor or pulley system, with a focus on textures and mechanical details. The lighting is dramatic, with some parts in shadow and others highlighted, creating a sense of depth and industrial complexity.

DELAWARE ELEVATOR RESIDENTIAL

Delaware Elevator, Inc is a family owned full service elevator company, that was established in 1946 with roots dating back to the early 1930's. Our corporate office is located in Salisbury, Maryland with other branch offices and representatives in Delaware, Virginia, Pennsylvania, Minnesota, and Florida. Our wide spread locations make it convenient to reach both our national and international clients.

Our continued commitment to providing the best quality of products and services has made us one of the largest independent elevator companies in the nation. Today, Delaware Elevator proudly provides state of the art products for new construction, modernization, residential, handicap access and marine elevators. All of which are supported by our in house manufacturing and unparalleled maintenance.

The goal of Delaware Elevator is to provide responsive service tailored to meet the individual needs of our valued clients and partners. We can confidently affirm that we are large enough to solve any challenge and small enough to provide personal care. We attribute over 70 years of success to our highly skilled employees whom promote safety and quality; which provides the utmost value to our customers. We welcome the opportunity to work with you on all of your vertical transportation needs.

OUR SERVICE

24/7 MAINTENANCE

Our objective is to provide safe and reliable service to all of our customers 24 hours a day. We take pride in meeting our customers' needs in a prompt manner. Our service is continually improved through our strong team and network to provide the best possible customer service.

Our vast expertise and knowledge enables us the capability to work on a large range of various manufacturers' equipment. The Service Department is currently employed with over 70 team members to guarantee quality elevators. Elevator Inspectors who meet all certifications will work on all types of vertical transportation including commercial, residential, industrial, and marine elevators.

OUR PHILOSOPHY

OUR TEAM

The philosophy of Delaware Elevator is to bring a custom approach to each project. We know that no vertical challenge is the same and we strive to bring an individually tailored experience to each client's unique needs. Our highly trained teams are experts in all facets of the elevator construction process; design, manufacturing, installation and service. Delaware Elevator welcomes the opportunity to help you reach new heights.
